Medical Industry Flooring

For Hospitals, Clinics, Doctor's Offices, Pharmacies and more
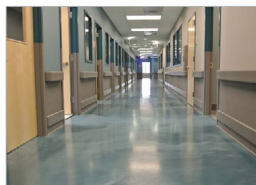

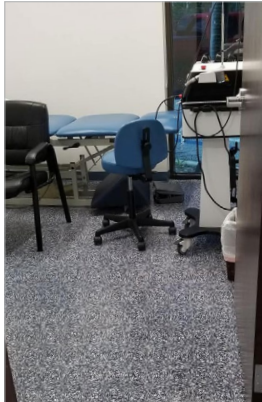

elite crete systems

Engineered High Performance Surfaces & Flooring

Medical Industry Flooring Systems

are resinous finishes engineered for various applications in the medical industry. These systems are built to withstand heavy foot traffic, portable medical equipment and aggressive high frequency cleaning.

ADVANTAGES

- Seamless, non-permeable and antimicrobial surfaces

- Thermal shock resistant for areas subject to steam cleaning

- Highly chemical resistant 'novolac coatings'

- Electrostatic dissipative (ESD) coatings for highly sensitive electronic equipment rooms

- Coefficient of friction (COF) meets ADA Flat & Inclined Surfaces, OSHA and NFPA requirements
